## CAREER FAIR

---

# Non-Technical Professions

---

The Non-Technical Professions Career Fair features employers who are hiring across all majors in areas like healthcare, sales, hospitality, financial services, insurance, government, and more!

Our career fairs give you the opportunity to meet in-person with representatives from companies and learn about their available positions, what it is like to work for them, and how the application process works.

We encourage you to dress professionally and arrive prepared by researching employers, practicing your elevator pitch, and printing copies of your resume.

Students and alumni from all three USF campuses are invited to attend.

**Add this event to your calendar today!**

Monday, February 13, 2023

10:00 am - 2:00 pm (ET)

Marshall Student Center (MSC) Ballroom

**Handshake**
